

ezVisionX4™ Video Glasses

The ezVisionX4 Video Glasses are state of the art video glasses that offer portable video users a simulated 60" view any place at any time...with complete privacy. The ezVisionX4 Video glasses are perfect for your iPod® Video, DVD player, laptop (with proper cabling) or video gaming systems. ezVisionX4 Video glasses are lightweight, easy to use, and enhance the viewing pleasure of music videos, movies, and video games.

The ezVisionX4 Video Glasses comes with everything you need including: vision eyewear with integrated stereo earphones, two comfortable nose pieces for a custom fit, rechargeable lithium ion battery with up to 5 hours of play time, A/C wall charger, RCA video cable and iPod video cable...and it's all available at a price hundreds less than similar products.

The perfect companion for iPod Video, the ezVisionX4 offers users the ability to take their favorite TV shows and movies anywhere. ezVisionX4 takes the "home" out of home theater and makes a portable big screen experience, well...ez.

ezVisionX4 Video Glasses let you watch a movie, music video, TV show, or DVD on a simulated 60" screen anytime, anywhere.

Features

- Custom dual LCD optics create a vivid "big-screen" experience
- Integrated Hi-fidelity headphones
- Long-life lithium ion battery with up to 5 hours of battery life
- A full line of accessories is available including: cases, S-video adapters and cleaning/care products

Benefits

- Small, lightweight and extremely portable
- Finally, an easy way for iPod Video owners to watch videos in a larger, more immersive format
- Private viewing
- Perfect for travelers

Never Let the Entertainment Stop!

ezVisionX4™ Video Glasses

60" Wide Screen View – ezVisionX4 Video Glasses simulate a 60" video screen view at an 8.5 foot distance. Imagine watching your favorite video or movie like you were in your own home theater!

Ultra Light Weight – Small size and light weight design allow users to really enjoy their ezVisionX4 video glasses. Weighing in at a mere 60 grams, the ezVisionX4 can easily be taken anywhere.

Courtesy – The ezVisionX4 is easy to connect to any VCR, DVD player, cable or satellite box, or portable video player. Using the ezVisionX4, you can enjoy them without bothering others. They are great at night when your spouse is trying to sleep. Just use your ezVisionX4 glasses to watch your favorite show without exposing your spouse to the bright light or sound from your TV.

Built-in Stereo Audio – The ezVisionX4 also includes high quality audio earphones giving the ezVisionX4 the complete multi-media experience.

Five (5) hour Battery Life – Watch a movie, music videos, your favorite TV show and more. With the rechargeable slimline LiNH Battery, you will have hours of entertainment. **Up to 5 hours to be exact!**

iPod Ready – The ezVisionX4 comes with an iPod interconnect cable so you can connect your iPod Video to the unit.

Video Gaming – The ezVisionX4 is great for gaming. Use it with Zune, Zen Vision M, Xbox, Playstation, Game Cube, or ezPlay DVD™

Privacy – The ezVisionX4 offers great privacy. Whether it is on a plane, at home, in your college dorm, or in the soldier's barracks, you can watch anything, anytime, in complete privacy. The ezVisionX4 is also great for outdoor use. The private screen is free from the glare of sunlight, making it easy to see the screen day or night.

DVD Players – Using the ezVisionX4 RCA cable, the ezVisionX4 can also be used with ezPlay DVD™ or any DVD player. Great for long trips, flights, or for your kids in the back of your car. *Not compatible with DS-Lite or PSP
