

<b>SKU Live Date</b>	May 15 <sup>th</sup> , 2012
<b>Intro Phrase / Tagline</b>	<i>A quiet, attractive power supply you can rely on.</i>
<b>Product Full Name/Title</b>	Corsair Gaming Series GS800 Corsair Gaming Series GS700 Corsair Gaming Series GS600
<b>25-Word Product Description</b>	The all-new, 80 PLUS® Bronze certified GS power supplies are quieter with fanless operation at low loads, and look good with their color-switchable LED fans (Blue LED only on 600W version ).
<b>50-Word Product Description</b>	The all-new, 80 PLUS® Bronze certified GS power supplies are quieter with fanless operation at low loads, and look good with their color-switchable LED fans (Blue LED only on 600W version ). The GS family of power supplies is designed to produce reliable, constant power to your high-current devices, and is an excellent choice for overclocked CPUs or high-end GPU systems.
<b>100-Word Product Description</b>	The all-new, 80 PLUS® Bronze certified GS power supplies are quieter with fanless operation at low loads, and look good with their color-switchable LED fans (Blue LED only on 600W version ). The GS family of power supplies is designed to produce reliable, constant power to your high-current devices, and is an excellent choice for overclocked CPUs or high-end GPU systems. Each GS power supply has long cables for today's bottom-mount PSU cases and multiple connectors to ensure compatibility with a wide variety of devices.

**Product Features**

- Fanless mode at low loads for quiet operation, with an ultra-quiet 140mm double ball-bearing fan that delivers excellent airflow when needed.
- Color adjustable LED fan can switch between red, blue, white, and off settings by pressing the button on the back. (600W model – blue or off mode only)
- Up to 85% energy efficiency means less heat generation and lower energy bills.
- 0.99 Active Power Factor Correction provides clean and reliable power.
- Universal AC input from 100~240V.
- A dedicated single +12V rail offers maximum compatibility with the latest components.
- Over-voltage and over-power protection, under-voltage protection, and short circuit protection provide maximum safety to your critical system components.
- Extra long fully-sleeved cables support full tower chassis.
- It supports the latest ATX12V v2.3 standard and is backward compatible with ATX12V 2.2 and ATX12V 2.01 systems.
- A three year warranty and lifetime access to Corsair’s legendary technical support and customer service.
